Description

versatile enough to use in a huge range of applications and settings, partly thanks to their one-size-fits-all capacity.

You'll find these liners work superbly for lighter duties like kitchen and office waste, and they also suit a wide variety of different swing bins found in settings like hospitals, factories and the hospitality sectors

all areas where it's crucial to keep bins clean

because they're made using recycled plastics, these liners help to protect the wider natural environment as well as safeguarding your workplace from dirt and germs.

- A convenient and hygienic way of dealing with waste
- Generous sizing fits most swing-top bins
- White colour helps keep the contents discreet
- An effective barrier between waste products and their containers
- Poly-packed for easy dispensing
- Reduce odours and minimise the need for cleaning bin interiors
- 300 x 500 x 700mm
- sold in cases of 10 x 100 liners flat packed
